

• PRE-DENTAL ASSISTING •
Associate in Science Degree

LENGTH: Four Semester (Two-Year) Program

PURPOSE: This program of study is a guide for students pursuing admission into Faulkner’s Dental Assisting Applied Science degree program. There is no STARS approved transfer guide in this area. The courses listed are required in most allied health areas and will meet Faulkner State’s dental assisting program requirements as noted. This program is to be used as a guide only, but will provide maximum flexibility for the student who has not yet made a career choice between a transfer Baccalaureate program and an associate in applied science occupational program. Once a choice has been made the student should follow the associate in applied science degree program of study as listed in the current catalog or the STARS transfer guide.
